

## ELAP User Interface Update: Activities

ELAP Activities options have changed to make data entry easier, and to ensure that data are captured in a way that allows easier APR reporting. Instead of requiring three separate dropdowns, only two are now required. The dropdown options are also the same for LEAPS and 21<sup>st</sup> CCLC data entry.

The new options are displayed below. Historical data has not yet changed. We will map previously entered 2018-2019 school year data to these activities once we are able to confirm appropriate mapping of historical activities to APR activities. The mapping will be approved by TDOE prior to mapping these activities.

### 1. Four Categories: Academics, Enrichment, Character Education, and College and Career Readiness

The screenshot shows the 'Attendees' section of the ELAP interface. It includes a 'Global Selection' area with checkboxes for 'Moogly, Mary' and 'Moogly, Michael', and buttons for 'Select All' and 'Select None'. Below this is a 'Participation Date' field set to '10/15/2018'. The 'Time in Activity' section has input fields for 'Hours' and 'Minutes', and a dropdown menu for 'AM / Morning Class?'. A dropdown menu for activity categories is open, showing options: 'Choose a Category', 'Academics', 'Enrichment', 'Character Education', and 'College and Career Readiness'. A message below the dropdown states 'You must select an activity to continue.' At the bottom are 'Ok' and 'Back to Center's Attendees' buttons.

### 2. Academics category has five activities: STEM, Math, Language Arts/Reading, Tutoring, and Homework Help

This screenshot is similar to the first one, but the activity dropdown menu is expanded to show specific activities under the 'Academics' category. The options are: 'Choose an Activity', 'STEM', 'Math', 'Language Arts/Reading', 'Tutoring', and 'Homework Help'. The message 'You must select an activity to continue.' is still present. The 'Ok' and 'Back to Center's Attendees' buttons are at the bottom.

3. Enrichment category has five activities: Entrepreneurship, Arts and Music, Physical Activity, Community /Service Learning, and Mentoring.
