

The background features a light gray gradient with various geometric elements. On the right side, there are several overlapping, semi-transparent gray squares and rectangles. Scattered throughout are plus signs (+) in different sizes and colors, including gray, black, and a prominent yellow one. The bottom edge of the image is irregular and jagged, resembling a torn piece of paper, with a dark gray area below it.

Local Evaluation

Mid Year Report Feedback

- Opportunity for feedback
- Opportunity to revise for Final Report
- Individual feedback forthcoming

Missing SMART Goals

- SMART Goals are needed for ALL SEVEN Performance Indicators at EACH SITE

Activities are not SMART Goals

- Chronic absenteeism will decrease through the use of daily incentives and participation rewards.

Activities are not SMART Goals

SMART GOAL:

- 75% of students who were chronically absent in PY22-23 will have fewer than 18 absences in PY23-24.

Activity:

- Students participating in the EXL program will receive daily incentives and earn credit toward participation rewards.

Too many SMART Goals

Hill High School
Performance Indicator 7 –
Students in the program will
improve their reading fluency
on universal screeners

Too many SMART Goals

Hill **High School**

Performance Indicator 7 –
Students in the program will
improve their reading fluency
on universal screeners

Multiple SMART Goals for each indicator

Multiple SMART goals for each Indicator

- By the end of the PY 23-24, students with 45+ hours or more by December 30th will have achieved the minimum participation of 90 hours or more and have improved their math state assessment scores.

Multiple SMART Goals for each indicator

Multiple SMART goals for each Indicator

- By the end of the PY 23-24, students with 45+ hours or more by December 30th will have achieved the minimum participation of 90 hours or more **and** have improved their math state assessment scores.

Suggestion

- By the end of the PY 23-24, students with 90 or more hour of participation will have improved their math state assessment scores from PY22-23.

Additional Suggestions

When in doubt, state the program will meet the performance indicator

- In PY23-24, Hill High School will meet the statewide goal of 25% of students improving their GPA.
